

MNE 2018

Booth: 3

nanoscribe

TALKS

Invited: 2D and 3D structural color printing

Thursday, 27 September 2018, 09:30, Auditorium 11

Speaker: Joel Yang, Singapore University of Technology and Design, Singapore

3D nanofabrication inside rapid prototyped microfluidic channels showcased by wet-spinning of single micrometer fibers

Thursday, 27 September 2018, 10:50, Auditorium 10

Speaker: Jonas Lölsberg, RWTH Aachen, Germany

Shrinking-induced colors in 3D photonic crystals

Thursday, 27 September 2018, 11:05, Auditorium 10

Speaker: Yejing Liu, Singapore University of Technology and Design, Singapore

Mesoscale 3D printing with micrometric resolution

Thursday, 27 September 2018, 11:20, Auditorium 10

Speaker: Angelo Accardo, LAAS-CNRS, Toulouse, France
